Trademark Watch Services		
<i>Because trademark rights may be lost if not enforced, we strongly recommend that all owners subscribe to a trademark watch service. A watch service can help you identify potential infringers by monitoring the marketplace and providing regular reports summarizing third party use of any mark(s) that may conflict with your mark. As a courtesy to our clients, we do not charge for reviewing copies of these reports or providing an initial notification of a discovery that may require investigation.</i>
